Sir,

*Assessment - Land Revenue - Bellary and Siruguppa taluks - Suspended revenue of Fasli 1338 - collection proposals submitted -

---

In G.O. 142 Mis. dated 29.1.30 Government postponed the collection of the suspended revenue of Fasli 1338 in 80 villages of Bellary Taluk and 4 villages of Siruguppa Taluk. In 31 villages of Bellary taluk, full land revenue is under suspension while kn the remaining villages only half the land revenue is under suspension. I submit proposals for the collection of the suspended revenue.

2. The rainfall in the latter part of June and beginning of July helped the ryots to commence sowings of Mungari crops. But subsequent want of rain till the end of August stopped further sowings. Owing to the lateness of the rain, the sowings in mungari and hingari lands took place almost simultaneously with the result that the sowings of mungari crops were too late and long after the normal season. The rains in September and October bettered the condition of mungari crops which gave a fair outturn in most of the villages. The sowings of Hingari crops were completed and the rain received in November and December has improved their --

their condition and the crops are expected to yield an outturn of 8 annas or more in most of the villages. The crops in the affected villages have been inspected by the Tahsildars concerned and the Revenue Divisional Officer, Bellary has also over-inspected the crops in some of the affected villages. He recommends that the suspended revenue in 49 villages of Bellary Taluk and 4 villages of Siruguppa taluk may be ordered to be collected along with the current kists and that 1/2 the suspended revenue in 31 villages of Bellary Taluk may be collected and the other half postponed for collection to F.1341. These proposals are based on the rough outturn statements of the several crops of each affected village. The actual outturn of the early sown crops and the probable outturn of the Hingari crops have been taken into account, and the outturn worked out according to the instructions under B.S.O. 14(5)(ii) note. The average outturn ranges from 0-6-4 to 0-9-6 i.e. from half to two thirds of the average yield. The recommendation of the Revenue Divisional Officer, Bellary, is endorsed. Lists showing the names of the affected villages, the average outturn of crops and the amount of Land Revenue under suspension are enclosed.

p26 & 30

pp5-10cf

3. I am doubtful whether it will be possible to collect loan instalments in few villages and in a good many others. It i not only the case that outturn has been bad in a few villages but that prices have fallen suddenly(groundnut to less than half) and that the sowcars have no money to lend. I shall submit separate proposals for the collection of otherwise of loan instalments.

4. I recommend that the suspended land revenue may be ordered to be collected., as follows.

	Current kist.	Suspended amount.	Total.
February	0.4.0	0.4.0	0.8.0
March	0.8.0	-	0.8.0
April	0.4.0	0.4.0	0.8.0
Total	1.0.0	0.8.0	1.8.0

In paragraph 3 of its reference quoted above, the Board has supported the Collector's proposal that one half of the suspended revenue of fasli 1338 in 31 villages in Bellary taluk should be remitted, with reference to the instructions p27 ¶ V (I) in paragraph 9 of Boards Standing Order 14. Following the example given in that paragraph of the Standing Order the amount will not ordinarily be due to ~~the~~ be written off unless it is left uncollected in fasli 1341; from this it follows that the question whether this suspended amount should be collected or should be finally written off will not arise until the next kist season (fasli 1341) - unless the circumstances are singularly pressing. The Board is requested to state whether in its opinion the circumstances are such as to justify the writting-off of the suspended amount forthwith, in the current fasli.

H 146/31

To Secy.

In their order No. 142 Rev.,dated 29-1-30, Govt. postponed to fasli 1340 the collection of the suspended revenue of fasli 1338 in 84 villages of the Bellary and Siruguppa taluks as shown below:

Bellary taluk

	Rs.
(i) One-half of the land revenue of fasli 1338 in the 49 villages mentioned in list II at pages 7-8 c.f.(The other half was collected in that fasli itself).	64,289
(ii) Full land revenue of fasli 1338 in the 31 villages mentioned in list III at page 9 c.f.	62,352

Siruguppa taluk

(iii) One half of the land revenue of fasli 1338 in the 4 villages mentioned at page 5 c.f.(The other half was collected in that fasli itself)	4,541.

2. The Collr. has now submitted proposals for the collection of the suspended revenue. In these villages the mungari crops and the hingari crops were sown simultaneously owing to late rains. The rains in Sepr. and Octr. however bettered the condition of the mungari crops. The mungari crops gave a fair outturn and the hingari c ops are expected to yield an outturn of 8 annas or more. The Collr. recommends ~~the~~ that the entire suspended revenue of

fasli 1338 in the villages in ~~in~~ items (i) and (iii) at page 1 above may be collected along with the current kists in the manner proposed in para 4 of ~~the~~ his ~~Collr's~~ letter. In regard to the 31 villages referred to in item (ii) at page 1 above he recommends that one-half of the suspended revenue may be collected during the current fasli and the other half postponed for collection in fasli 1341. As, according to para 9 of B.S.). No. 14, revenue which has been under suspension for 3 years should, as a matter of course, be remitted, the suspended revenue of fasli 1338 should not be postponed for collection in fasli 1341. The Collr's proposal to postpone to fasli 1341 the collection of one half of the suspended revenue of fasli 1338 in 31 villages cannot therefore be approved. It should either be collected ~~xxxxxx~~ within the current fasli or remitted. In view of the fact that the season has been reported to be good during the current fasli there seems to be no case for remission of any portion of the suspended revenue in these 31 villages. For orders as to the recommendation to be made to Govt.

Please see the first sentence of para. 9 of S.O. 14. Revenue which has been under suspension three years should be remitted. The one half revenue of fasli 1338 will be under suspension for fasli 1338, 1339 and

1340 and will have to be treated as irrecoverable arrears in F. 1341, if according to the Board's proposals it is not remitted in fasli 1340. The spirit of the S.O is that, if the revenue cannot be collected in the 3rd year it should be remitted.
